

**SELENE 42 Voyager Sedan**

**VOYAGER LINE**

**A PERFECT GENTLEMAN'S BOAT**

The Selene 42 Voyager Sedan is a newer design, that Selene Yachts has developed based on the original Selene 42 Voyager aft cabin hull with a new super structure and European, Floridian or Mediterranean flair! The yacht is designed with a single Cummins QSB 230HP or John Deere 180HP Diesel engine. The two-stateroom layout has a beautiful teak interior and a well-equipped galley with a Force 10 stove, a large refrigerator and freezer (options like a dishwasher and trash compactor can be installed). Compared with the Selene aft cabin model, it offers a more spacious salon, flybridge and engine room. The enlarged fuel tanks of 700 gallons (2650 l) will guarantee longer cruising range. Selene Yachts received a very good response after we first presented this new design, and we are currently building hull N°42, which will be equipped with Seakeeper gyro stabilization, hydraulic Key-Power get-home engine and a DC watermaker! The Selene 42 Voyager is designed for long range coastal cruising in style and extended sea voyages with not less than a 1,000 NM range at 9 knots. The vessel easily accommodates four to six passengers in two cabins and one head with a separate shower. It sports all the features of a luxury family yacht with a generator, inverter, shore power, climate control and a large flybridge, but with elegance, simplicity and easy maintenance for the owner-operator. The Selene 42 Voyager Sedan is a typical gentleman's yacht...

LOA: 44'-11" (13,70m)	FUEL: 700 USG (2650 L)	SPEED: 9/10,5kts

*« In its dual role as a long-range displacement cruiser and inviting social center, this newest Selene motor yacht seems to accurately reflect a well-researched and well-articulated design brief offering an attractive complement to the proven and popular Archer series, and as such, promises to broaden the brand's appeal to the sub-45-foot, single-engine market. »*
