

## SELENE 38 Voyager

## CLASSIC LONG RANGE AFT CABIN YACHT

### BIGGEST 38' FAMILY CRUISER IN THE WORLD: ALL THE SPACE IS INSIDE!

The Selene 38 Voyager aft cabin is a legend... A happy and classy gentleman's yacht which has been cruising in British Columbia, the Bahamas, the Greek islands and South-East Asia for decades already. This beautiful and charming pocket yacht has always been incredibly popular because of its unique layout which guarantees privacy to four people or two couples. Because of its moderate size it can be hauled-out by the smallest Travelift and accommodated in almost any marina anywhere in the world. Thanks to its classic lines designed by Howard Chen and the legendary marine architect Ted Hood, winner of the 1972 America's Cup, the Selene 38 Voyager is, and will remain, one of Howard Chen's favorite yachts. When creating this yacht the designers adopted the unique concept of the "Whale Back" hull, that was a trademark of Ted Hood's designs. This is why the Archer line has so much headroom and space in the engine room. It probably has the best engine room layout for its size anywhere. While the Selene 38 is a legendary yacht, she doesn't compromise on modern technology and first class components, like the recent addition of Diamond Sea Glaze doors, improved sound-proofing, optional air-conditioning, generator and larger aluminum fuel tanks for extensive cruising. Howard says that the best-selling yachts of all time were the Grand Banks 36-42, but when their production ended for a while Howard decided he wanted to bring a high quality compact aft-cabin yacht back to the market. He wanted to build an elegant yacht with traditional timber joinery, leather upholstery, teak & holly floors, a spacious interior with two cabins and two heads, a cozy salon, a practical galley and safe decks. The Selene 38 Voyager is an excellent family cruiser, or the perfect Looper's yacht. A tender finds its natural spot on top of the aft cabin where it can be loaded by a mast and boom. Many Selene 38 Voyager make use of the mast for a steadying sail which gives the boat a classy « heritage yacht » style as well as a simple and maintenance-free stabilization system. And all this, including a flybridge with an outdoor deck salon, comes at an affordable price! As the entry level model of the trawlers range, the Selene 38 Voyager is still a best-seller. We call it our "small super-yacht", all the space is inside...

LOA: 41'-8" (12.70m)	FUEL: 500 USG (1892L)	SPEED: 9kts/11kts
BEAM: 14'-6" (4.42m)	WATER: 180 USG (681L)	ENGINE: 180 to 250HP

*« An Engine Room That Earns High Marks ».*  
*PassageMaker magazine*

One of the most brilliant design elements of the Selene 38 Voyager is the engine room! After passing through a full-sized water-tight door located in the owner's shower stall on the starboard side, one walks into the engine room where one can stand up and service the engine, generator and all other systems. The headroom is as much as 5' 9" (1,71 m) and is smartly gained from the space underneath the raised settee in the salon.
